VOL. LXXX. NUMBER 16

DR. W. A. BIRON, former governor William Stratton and Sheriff Charles Larson at the Antioch Township Republican Club outing last Wednesday.

Stratton Speaker at GOP Club Outing

With former Governor William G. Stratton as the principal speaker for the evening, Republicans flocked to the Charlie Larson Day outing last Wednesday. Dinner at George Diamond's was served to 486, with a total of 651 attending during the day.

Stratton did not announce his intention of running for political office again, as some had expected. However, he did say that Senator Douglas was not unbeatable, and that if enough people wanted him he would again become a political candidate.

Stratton decried the extravagance of the present administration. He pointed out

the withholding of Federal funds from Chicago schools as an example of Democratic duplicity. The Federal government, he said, had promised not to interfere in local control of schools.

Stratton mentioned the harassment of himself, including the recent income tax suit, as a political move. He said the two-party system of government must be maintained.

Mrs. Stratton and their daughter Nancy were also present at the affair.

The day's outing was sponsored by the Antioch Township Republican Club. Loren Sexauer was presented with a plaque for his many years of service to the club.

"Elephant" awards went to Lloyd "Red" Murrie, Antioch Township supervisor, and William Stratton. The awards are given each year by the Antioch Republican Club to the outstanding Republicans of the year. Last year's awards went to Pat Clavey and Bruno Stanczak.

FLBA Makes Annual Report

With the trend in land costs continuing the upward climb that began in 1942, farmers are going to require lots of credit in the years ahead, H. S. Whalin told 400 guests at the Federal Land Bank Association of Woodstock annual meeting last weekend.

Whalin is regional manager from the Federal Land Bank of St. Louis. "Farm units will get bigger as farmers demand more land to become efficient enough to pay for machinery and other big expenses. That's where the demand for more credit comes in—to meet this expanding need," he said.

During the meeting Thomas Frey, manager of the organization that serves Lake, Boone and McHenry counties, said the cooperative paid 5 1/2 per cent dividend on its stock.

The cost of loans from the FLBA is also at 5 1/2 per cent. The FLBA owns stock in the Federal Land Bank of St. Louis and received a sizeable chunk of its \$73,644 income from dividends on that stock.

Frey explained the FLBA loaned more than half its money during the past fiscal year ending June 30 for debt refinancing—which includes paying land contracts. Buying real estate was the second biggest use. Home and farm building construction ranked third, followed by building and land improvements.

Frey also said that since the June 30 report, the FLBA of Woodstock has topped the \$10 million total of loans in force.

The annual report showed an increase of \$1 1/4 million over the year-ago total. New business activity totaled \$1,609,800 with 63 loans closed during the first nine months of 1965.

In the election of directors Russell Kalahan, Woodstock, was elected to fill the unexpired term of Edward Florent, president of the FLBA who retired in September.

Charles Head, Harvard, was re-elected to a three-year term. In the election of officers at a board meeting after the annual meeting at Marian Central Catholic high school cafeteria, Charles Weingart, McHenry, was elected president, and Lloyd Turner, Belvidere, was elected vice president.

Other directors include Kenneth Denman, Millburn, Kalahan and Head. Frey serves as manager and Faye Todd is the assistant manager.

Page Tells Special Education Costs

Ray Page, State Supt. of Public Instruction, has certified Special Education claims from 862 Illinois school districts amounting to \$12,704,810.35. Lake County received \$360,102.46.

Superintendent Page said that 3500 teachers provided Special Education for over 150,000 handicapped children during the 1964-65 school year. Page said approximately 4,000 teachers will provide services for more than 165,000 children during 1965-66 school year.

Antioch Police Pick Up Fox Lake Youth

The Antioch police picked up a Fox Lake youth on Route 173 near Hillside Ave. Saturday night and charged him with a dram shop violation.

Police said Kenneth Unfried, 22, Fox Lake, had open liquor in the car and had apparently been drinking. He was released on bond.

Newest regular member of the Antioch police force is Harold Wilson.

New Manager At Ill. Bell

Jerrell S. Babb, 472 Margaret Terrace, Cary, has been promoted by the Illinois Bell Telephone Company to manager of the company's Antioch office.

Formerly assistant manager in Elgin, Babb succeeds Richard C. Miller, 281 Chestnut, Antioch, who has been transferred as manager to Waukegan.

Babb joined Illinois Bell in 1960 as a management assistant in the company's management training program.

J. S. Babb

From August of that year to August, 1962, he served with the Army Corps of Engineers. He then returned to Illinois Bell's management training program in which he held various assignments in the near west, north and northwest suburbs.

He later became a commercial assistant in the Suburban Area Commercial Department in Chicago and subsequently field that post in Elgin. He was promoted to assistant manager in Elgin in 1964.

Babb, who graduated from the University of Illinois, is a member of the Barrington Masonic Lodge and of the Cary Methodist Church.

He and his wife, Judy, have two sons, Thomas, 4, and Steven, 6-month-old.

Miller, transferred as manager in Waukegan, began his telephone career in 1950 in the Plant Department, which is responsible for the installation and maintenance of telephone equipment.

In 1955 he joined the Mountain States Telephone Company in Phoenix, Arizona, where he served in the Plant and Sales Department.

He returned to Illinois Bell in 1959, and after holding a sales position in Oak Park joined the company's management training program. In 1962 he became assistant manager in Elmhurst, and in 1963, manager in Antioch.

Miller is president of the Antioch Chamber of Commerce, and is a member of the Fox Lake Chamber of Commerce and of the Lions Club.

He and his wife, Jeanette, have two sons, Richard and Robert.

Coin Club Slates Annual Convention

The Lake County Coin Club will hold its 3rd annual convention at the Waukegan Inn on Sunday, October 17. The event is scheduled to begin at 10 a.m. and continue through 7 p.m.

Some of the highlights of the event will be the display and offers for sale of valuable and rare coins to numismatists in the area. The club, some 100 strong, expects a turnout of 1,000 visitors. An auction is also scheduled.

The Lake County Coin Club, organized over ten years ago, meets regularly on the first Tuesday of every month.

Student workers at Southern University are paid a minimum of \$1 per hour, and may work up to 100 hours per month.

Parade And Queen To Highlight Homecoming

GRASS LAKE SCHOOL won the Achievement banner for Fire Prevention Week activities. John Romer (right) whose insurance agency sponsored the Jr. Fire Marshall program, presented the award to J. P. Schockmel, superintendent of Gross Lake School, last week.

Grass Lake Pupils Lead Fire Marshall Program

Students of Grass Lake School carried off the honors last week in the Junior Fire Marshall program by achieving a 100% participation in the return of home inspection forms given to pupils at five Antioch area schools.

The home inspection was part of the observance of Fire Prevention Week last week. Pupils inspected their homes for fire hazards in accordance with a form given them at school, filled out the forms and returned them.

Grass Lake School was a

100% return of the blanks. Emmons School also scored high with a 97% return. Other schools participating were the Antioch Grade school, Oakland school and St. Peter's.

John Romer, chairman of the Junior Fire Marshall program in Antioch, said the program is a national affair investigated by the Hartford Insurance Co., of which he is an agent. He hopes to conduct the program again next year in cooperation with the local schools.

Ford To Speak At Republican Dinner

Top Republican leaders in the nation will be converging on Illinois Beach State Park Lodge north of Waukegan Saturday night, October 16, according to Roy E. Jones, chairman of the Congressional dinner planned for evening.

Congressman Gerald R. Ford of Michigan, Republican leader of the U. S. House of Representatives, heads a star-studded assembly of Republicans who will attend the \$25 a plate dinner.

Republican Whip Leslie C. Arends of Illinois and 13th District Congressman Donald Rumsfeld also will be present to honor their colleague, 12th District Congressman Robert McCloy.

Jones forecasts an attendance of about 500 prominent citizens from the Lake, McHenry and Boone County area. Congressmen Ford and Arends will be speaking.

Christ Lutheran To Hold Layman Sunday This Week

Christ Lutheran Church, Salem, Wis., will observe Layman Sunday October 17, with seven lay people assisting with parts of the service.

On the 24th the congregation will hold a shortened worship service to be followed by a special meeting of the congregation. Therefore they will not have the usual double service, but just the 10:30 a.m. service on this Sunday.

Sunday School at the usual 9:15 a.m. hour.

Revoke License Of Local Driver

The following actions affecting local residents has been announced by the drivers license division of the office of the Secretary of State.

The license of Leslie J. Sullivan, Rt. 3, Box 679, Antioch, was revoked following three violations: the license of Gary G. Zebrowski, Rt. 5, Box 418, Antioch, revoked for drag racing.

The theme for Antioch High School's Homecoming festivities this year will be "Sequoia's Song of Victory." Homecoming week-end starts this Friday, Oct. 15.

Girls who make up the Homecoming Court were chosen last week. They are seniors Carol DeSomer, Karyn Lombard and Betty Cheatham; junior Penny Garrison; sophomore Linda Pierce and freshman Jackie Pyles.

One of these girls will be crowned Homecoming Queen at Saturday night's dance at the school.

The week-end's activities will start with a public pep rally and bonfire behind the school at 8 p.m. Friday night. This will be followed by a sock-hop in the high school gym lasting until 11 p.m.

The homecoming parade will be held Saturday morning, starting at 10:30 from the high school. The parade will proceed north down main St. to Orchard, Orchard to Broadway, Broadway to Lake, down Lake to Main St. and back to the school.

Each class will have a float entered in the parade, a tradition of Homecoming, based on the "Sequoia's Song of Victory" theme. There will also be floats entered by many school and community clubs and organizations. Several bands will add music and color to the Homecoming parade.

The student body plus many townspeople will be out in force Saturday afternoon to try to cheer the Sequoia football team on to a victory over Wauconda. The undefeated sophomore squad will take on Wauconda's sophomore squad at noon. Starting at 2 p.m., Coach Roy Nelson's varsity team will be trying for a win against the Bulldogs.

The varsity has a strong backfield centered around powerful fullback Tyrone Walls. At halftime, the A.C.H. marching band will entertain the crowd.

The big weekend will come to a climax with the Homecoming dance Saturday night at the school. Eddie Joy and his orchestra will supply the music from 8 p.m. to 11 p.m., with the crowning of the Queen the highlight of the evening.

Students To Get Preview of College

College night will be held at Antioch Community High School on Thursday, October 28, starting at 7:30 p.m.

Thirteen colleges will be represented to acquaint parents and students with the offerings of the various colleges.

All juniors and seniors and their parents are invited to attend. The program will begin in the auditorium and after about forty minutes will transfer to the cafeteria where parents and students can confer with the college representatives.

Named Chairman of Retarded Children's Appeal In Antioch

Mrs. Edward Vos, 576 N. Main St., Antioch, has been named chairman of the Antioch area in the 1965 Retarded Children's Appeal.

The appeal, sponsored by the Illinois Council for Mentally Retarded Children, will be conducted Sunday, Nov. 7. The volunteer door-to-door collectors will seek to raise money for educational, recreational and welfare services and to support medical research.

Build 2 Additions To Bristol Plant

Charmglow, Inc., is in the process of erecting two new additions to their rapidly-growing plant in Bristol, Wis.

Charmglow, headed by Walter Koziol, has offices in Antioch. The plant was moved to Bristol when they needed more room and has experienced a steady expansion since.

"We expect an increase in business of at least 100% in the next year," says Steve Rzyzko, plant superintendent.

The addition to the present building is 80' x 192'. It is being added to the south side of the present structure, and will be used mostly for warehousing. The present warehouse will then be available for space to accommodate their growing manufacturing.

Charmglow is also in the process of constructing a new building across the road from their present factory to be used for an aluminum foundry. Charmglow will cast their own aluminum products in the new foundry. They have previously had this work done outside.

The new foundry will have an area of 200 ft x 60 ft. The plant will have a capacity of about 3,000,000 pounds a year.

Charmglow manufactures and sells outdoor gas appliances — gas barbecues and outdoor lights.

Leo McGlad & Associates of Burlington are designers and engineers on the new construction. The work is being done by the Tony Kisonis Construction Co. of Wadsworth, Ill.

A party for the residents of Bristol Township on November 6 is being planned as an Open House to celebrate completion of the new buildings.

STEVE RZYZKO, plant superintendent, Leo McGlad, Consulting Engineer, and Dick Kirkpatrick, Charmglow comptroller, take a look at the construction going on for the new addition to the Charmglow plant.

EDITORIAL

It's Newspaper Week

This is National Newspaper Week, a week set aside to remind the readers of the nation to think a few kind thoughts about newspapers in general and of course, your home town paper in particular.

This is also the week when every paper is given the privilege of singing its own praises a little without offending the principles of modesty.

We voice praise for a good many organizations, institutions and what-have-you throughout the year. This week, we will ignore Cub Scouts, Fire Prevention Week, Heart Fund Drives, and all the many and worthy efforts that go on day by day. We will just remind you that all year we do "plug" many worthwhile causes, try to give you the news of what's going on around town and let you know what's coming up in the near future.

Unfortunately, a newspaper is not, like the many worthy causes we publicize, a not-for-profit organization. The work is not done by free volunteer labor and no one donates large sums of money for its support. So the only way a newspaper can stay in business is to sell ads.

So if you'd really like to observe Newspaper Week with us, put an ad in our paper. Or make your regular ad a little bigger.

That way, we can keep on providing you with news and promoting worthy causes. You'll be doing yourself a favor, too, because advertising DOES pay.

Why Mothers Work

Last year there were 25 million women workers in the United States. Of these, 9.5 million had children under 18 years of age. In 1940, there were 1.5 million working mothers.

Why the big increase in the number of working mothers? It's very simple, as any mother who has gone to work can tell you. The family simply can't "get by" on one salary any more.

In many of those families where the mother works to supplement the family income, through necessity, she probably brings home only slightly more than the government deducts from her husband's salary for taxes. In short, if the husband and father didn't have to support the many bureaus of local and federal government, he could support his family satisfactorily.

In the meantime, juvenile delinquency increases because the mother must work and the family home life is disrupted. So the government establishes more bureaucracies to combat juvenile delinquency, keep youngsters in school and do all the other jobs mother could do better if she could afford to stay home.

Many of the jobs filled by the 25 million working women could be filled by high school graduates who now can't find a job. So the government must spend some more money to train the young people so that, perhaps, they can find jobs.

It's a vicious circle. One of the results of too much government. A result of too many government employees trying to do for people what they could do better for themselves.

There is certainly no signs of any trend toward lessening of government "help". The trend is in the other direction. So John Q. Taxpayer will have to keep on paying the bill for government help, a help he wouldn't need if it weren't for the high cost of government.

Courthouse Notebook

BY LOU DURKIN

Loyal followers of former Governor William G. Stratton who turned out to hear the one-time "Boy Wonder" of Republican politics announce his candidacy for the U. S. Senate at the clambake honoring Sheriff Charles Larson last week were only partly satisfied.

Gov. Stratton was billed as the main speaker for the testimonial dinner and the record turnout could be traced in part to the magic which the Stratton name still carries in his native county.

The chance that Gov. Stratton might announce his future political plans helped to swell the turnout and even though he stopped short of throwing his hat into the ring he made it plain that he would give serious consideration to any bona fide activity on his behalf that might lead to the GOP nomination and a return to the political heights.

There seemed to be more genuine affection for the gray-haired politico than ever before and this undoubtedly stemmed from the grueling income tax trial he was forced to undergo.

The trial actually has helped Stratton regain political stature because many people felt the government's action against him was politically inspired and the sympathy of most people was with him before and during the lengthy court action.

His acquittal was one of the few Republican victories in recent years and was hailed as a sign of better things to come.

While the political future of Gov. Stratton was a major topic of conversation at the Larson outing there were other futures under discussion also.

The award of the Antioch Republican Club's ELA-Plan to Antioch Supervisor L. E. Murrie was interpreted by many as the opening gun in a campaign to place him in the top spot on the

Lake County Board of Supervisors.

Murrie is presently chairman of the board's key Finance Committee, the important Judiciary Committee, and has served for several years on the Liquor Control Commission, all of which provide good training for a County Board Chairman.

Former State Rep. W. J. Murphy got carried away with work on constructing a new duck blind and missed the meeting, but many of those in attendance were wondering about his future plans.

Murphy's plans undoubtedly hinge on the success or failure of the Legislative Reapportionment Committee to come up with a reasonable map of the legislature.

It is reasonable to suppose, also, that Murphy is following the efforts to resign Congressional Districts with more than passing interest.

Missing from the Larson Day festivities, as far as this reporter could tell, were all of the candidates for Sheriff except Norris Froelich, which isn't too surprising.

It would take a pretty thick-skinned candidate for Sheriff to invade a gathering for Sheriff Larson who has made no bones about his intention to support Froelich for Sheriff.

The other candidates for Sheriff will find themselves in more neutral territory Saturday night if they attend the testimonial to be given for Cong. Robert McClary at the Illinois Beach State Lodge.

The list of patrons for the McClary affair reads like a Who's Who of influentials in the GOP in the 12th Congressional District and the gathering should be an excellent opportunity for a candidate for any office to shake some important hands.

Letters to the Editor

To the Editor:

The Show Must Go On

Big Brother (that's what the neighbors called him, for he represented them at all town meetings, "better," he was fond of asserting, "than they could represent themselves") strode across the lawn, unceremoniously opened the door and barged into Charlie's kitchen.

"Gimme your wallet, Charlie," he ordered, "take out a couple of dollars, then slap a slip of paper on the table. 'Here, I'm givin' you a ticket to that play, 'Preservation of Our Heritage' which is goin' broke becuz you guys ain't doin' your bit. The producers started out to run it themselves to make a little money, but you ignorant bums didn't have enough sense to appreciate what they were doin' for you, and now they've lost their shirts. We gotta do somethin'."

Spotlight, is giving every indication that it intends to wage a bitter campaign against any plan of the county board to acquire the assets of the Lake County Museum of History.

You can expect some personal attacks against the present operators of the museum, the scores of people who felt Lake County should have a museum and tried to raise funds for construction and operation of a suitable building, and any members of the county board who reveal any interest in having the county take over the exhibits and memorabilia as the first step in the establishment of a county owned and operated museum.

The merits of the proposal will be lost in the flood of diatribe and accusations and when it is all over with there will be lingering doubt about the soundness of the decision.

about it."

"You say you can't afford it, Charlie—a measly two bucks? You can't afford not to keep this show goin'! Your children—yeah—even your great-grandchildren will thank you. And for what—for doin' somethin' you shoulda done a long time ago—without makin' me run around tellin' you your duty and collectin' your share."

"You wanted to do somethin' else with the money, Charlie? Now ain't that too bad. Some fun you wanted on your day off, I'll bet. Well, Main don't live by bread alone, that's a quote from the play and it fits in real good here."

"You don't know that that means, Charlie? Well, I don't exactly either. But that's what they told us to say when guys like you started gripin' about givin' money to any worthy cause."

"You got a ticket there, Charlie, go and see what it's all about. You can pick me up at Joe's Tap after the show—and then you can tell me. Say, that's a switch, ain't it, Charlie, you tellin' me anything. You know, I wouldn't be surprised but what you'll be thankin' me too, for givin' you the chance to see this multi-million dollar production."

"So long, Charlie. Gotta let the rest of the guys on the block give me their two bucks. Maybe us collectors can even get enough dough to build a new theater. It's a cinch it can't stay in that old barn where these guys started their business—not safe—and besides the show's too good for a joint like that."

"What's that last crack, Charlie—we oughta let the Federal government pay for this with the money the president is givin' to culture? I'm surprised at you, Charlie. Don't you want to keep local control? Lord knows there's mighty few things left we can do what we want to with. Keep control here at home, Charlie, you know that's what I always say. We don't need nobody tellin' us how to run our business and spend our

Dear Editor:

I am happy to take this opportunity to extend my congratulations to you on the occasion of National Newspaper Week. The slogan chosen this year for the observance, Newspapers and Readers are Partners in Freedom, is a most appropriate one.

During my 30 years as a member of the General Assembly, I was well aware of the importance of newspapers to those of us in public life, but since becoming Secretary of State, I have been even more impressed by our reliance upon you to keep the public informed about deadlines, regulations and other aspects of its relationship with this office.

We have just completed a period in which it was our responsibility to alert some 500,000 motor vehicle owners to a new and earlier deadline for reassignment of license numbers. While it is true that we used every available method of bringing this information to their attention, it was, nevertheless, the newspapers of our State upon whom we depended primarily to accomplish that objective. Your response was most generous, and I am truly grateful.

With all best wishes for many more years of service to your readers, I am,

Sincerely,
PAUL POWELL
Secretary of State

Camporee will run from Friday evening, Oct. 15, five o'clock p.m. until noon Sunday, Oct. 17.

The District Camping Chairman, Marvin Danielson, stressed the program theme and patrol method. "Paul Bunyan and his legendary feats of strength as a logger helping to build America are part of our colorful American folklore. Back in the day of Paul Bunyan, the lumberjacks from all over the North Woods would gather for a 'Logger's Hoedown.' This was a day of fun and games, and this is exactly what we have planned!"

The District Camping Committee firmly believes in the "Patrol Method," and everything done at the camporee should be carried out by the patrol method of operation. Camp by patrols, work by patrols, and remember the main ingredient is FUN! Patrols should not be reorganized on the basis of experience or age. The older and more experienced Scouts help the younger boys up the Scouting trail. "All for one—One for All." That's the idea. Adult leaders may go with patrols but should not participate in the activity.

"To make the best better" is the motto of some 214 million 4-H boys and girls from coast to coast.

Your Congressman Reports....

By Cong. Robert McClory

It has been stated with relative accuracy that much of the legislative program of the Great Society consists of proposals that have been hanging around the halls of Congress for the last 20 years. Portions of the Poverty, Health Care, School Aid, Housing and other programs are vulnerable to this charge.

But a new and exciting measure entitled appropriately the Human Investment Act should cause many headlines during the next session of Congress and provide greater economic results than any of the Great Society's enactments. The new bill (H. R. 10934), sponsored by my Colleague, Tom Curtis, Republican Congressman from Missouri, will enable employers to invest in our nation's unskilled human resources by establishing apprentice and training programs for the highly motivated unemployed and transforming them into much needed skilled workers.

The employers' incentives for this program would be a 7% tax credit—to correspond precisely with the tax credit now accorded to corporations on their investments in new plants and machinery. One condition of the arrangement would be the employers' guarantee of a job to the newly trained workers.

This program seems particularly attractive because it would require no new federal personnel, no new federal forms or red tape, and no federal appropriation. Indeed, private industry would do the entire job of soliciting, screening, educating, training and employing the human resources, i.e., the young men and women who are available in large numbers and who lack only the skills and the opportunity to become productive and successful members of our complex society.

This Member of Congress has joined in presenting a similar bill, H.R. 10959. Indeed, more than 65 Republican Congressmen are now behind the plan—with more support developing every day.

Whereas the Great Society braintrusts have put forward proposals, some of which have lay in limbo since the days of the New Deal, the Republican House Members, in the Human Investment Act, have advanced a measure which promises early and far-reaching results. One may ask, "Why didn't someone think of this before?"

Sales Tax In Village and County

Sales tax collected in Lake County for the month of May amounted to \$13,947.06 according to figures from the Department of Revenue.

Sales tax collected in June amounted to \$16,961.19; for the month of July, \$21,587.31.

Sales tax collected in Antioch in May, amounted to \$5,209.78; in June, \$5,648.92, and in July, \$7,182.56.

Illinois Tax Facts

Every Illinois State agency is audited by outside professional accountants, but not all local governments, totaling 6,452, are as tightly audited as State government, the Taxpayers' Federation of Illinois reports. However, progress is being made in this area in recent years.

The Municipal Audit Law was enacted in 1961, and by 1960, compliance was virtually 100%. It took a few years to instruct municipal officials in the provisions of the Municipal Law after its passage, but today all municipalities comply with the law. The State Auditor of Public Accounts receives copies of such reports and publishes a summary of the financial data contained therein.

Under a more recent law, effective June 30, 1962, Illinois school districts are required to be audited and copies of the reports are filed with the Superintendent of Public Instruction.

In 1963 the General Assembly passed a bill requiring mandatory audits in 87 counties between 10,000 and 500,000 population, and the bill was signed by Governor Kerner. The only county above 500,000 population is Cook, and this county has a county comptroller and ample provisions in law for tight accountability.

Much credit for the County Audit Law goes to Michael J. Howlett, Auditor of Public Accounts, who campaigned 18 months for the law with strong support from the Taxpayers' Federation of Illinois, Illinois Agricultural Association, Illinois State Chamber of Commerce and the Illinois Retail Merchants.

At the 1965 session of the General Assembly a bill was enacted (H.B. 603) to permit the electors at the annual town meeting to make an appropriation for the town board of auditors to hire an outside accountant to audit the township funds. Another bill, H.B. 1826, requires the town board of auditors spending \$100,000 or more in any fiscal year to have all accounts audited. But still exempt from an outside audit are forest preserve, park, fire protection, soil conservation, mosquito abatement, cemetery maintenance and river conservancy districts.

Maybe a single law or code fixing standards for all local governments is the answer.

Taxpayers must pay taxes for good schools, roads, welfare and defense, but there must be an accountability on the part of his governments. The taxpayer who pays the taxes can give only so much time to the common good,

because he must provide first for himself and his family. He cannot afford to be inefficient in providing for his family, and he cannot afford to pay for inefficient government. Anything that we can do to reduce waste in governmental expenditure not only makes our homes and governments stronger, but saves us from paying a higher price now and later.

The Chicago Motor Club reminds drivers that every school child is a moving traffic sign—warning us to slow down and drive with extra care whenever they are in the area.

Estimate \$8 Million For New Courthouse

Plans for the new courthouse complex for Lake County were presented to the Board of Supervisors and the Lake County Public Building Commission by architect William Ganster last week.

Phase one of the new courthouse, now under construction in Waukegan, is the 10-story administration building. It is estimated that this will cost about \$4 million.

Phases two and three would be a four-story courts building and the proposed five-story jailhouse building. The

cost of these buildings is estimated at another \$4 million.

Cost per square foot of the complex is estimated at \$25.87.

Mr. and Mrs. Brian C. Elliott

Miss Kanka Bride Of Brian Elliott

Newlyweds Mr. and Mrs. Brian C. Elliott will live in Wheaton after a honeymoon in Wisconsin. Their wedding on September 25 was held at the Faith Evangelical Lutheran Church in Antioch with the Rev. David M. Ponath officiating.

The new Mrs. Elliott is the former Katherine M. Kanka, daughter of Mr. and Mrs. Joseph Kanka, Rt. 1, Box 183, Antioch. The groom is the son of Mrs. Ruth Elliott, Depot St., Antioch.

The bride chose a floor length gown of silk mist tulle, embellished with lace and seed pearls. The bodice was fashioned with an oval neckline and elbow length sleeves. The sheath skirt had a detachable chapel length train. A crown of lace and pearls held a bouffant veil. She carried white gardenias, chrysanthemums and stephanotis.

Mrs. Dennis (Darlene) Dretke was matron of honor. Linda Kay Kanka, the bride's sister, was a junior bridesmaid. The bride's attendants wore street length gowns of aqua sheer over taffeta, with oval neckline, elbow length sleeves and A-line skirts with bow and streamers in back. Their matching headpieces held blusher veils. They carried aqua-tipped chrysanthemums.

Richard Handus was best man. Ushers were Fred Melscher and David Heath. An Open House was held at the home of the bride's

Legion Auxiliary

By Del Jahneke

At the Antioch American Legion Auxiliary meeting on October 8, the members voted to contribute \$100 to the 8 point Department (state) Rehabilitation Program. According to Mrs. John L. Horan, Rehabilitation Chairman, this money is channeled into funds for (1) insulin for diabetic patients; (2) vapo-nephin for asthmatics; (3) Christmas Gift Shop—gifts are bought and donated for needy veterans to send to their families; (4) Easter gifts; (5) Canteen books; (6) Treasure chests—this covers stamps, stationery, candy, cigarettes, etc., that the patients may want, but haven't the money to buy; (7) Transportation fund—this helps to defray the transportation home of a patient; and (8) the maintenance of the Veteran's Craft Shop.

The Antioch Unit will hold a public card party Thursday, October 14 (tonight) at the Antioch Legion Home at 8 p.m.

There will be a 10th Dist. "School of Instruction," held at the Gurnee American Legion Home, on October 19, at 8 p.m. Mrs. Edward Jahneke will take part in the program, as 10th District Publicity chairman.

The 1964-65 History of the Antioch Unit was read by the Unit historian, Mrs. Jahneke, and will be filed away for future reference.

Antioch Unit members, desiring to attend the District's "School of Instruction," please contact the President, Mrs. Ray Rathmann, for transportation.

parents, after the wedding, followed by a reception at Eddie's Resort at Grass Lake. The bride attended Chicago Teacher's College North. The groom is a graduate of IIT.

Woman's Club Meets Monday

The women of the General Federation of Women's Clubs are celebrating the Diamond Jubilee of Service for Freedom and Growth of their organization.

The history and work of the Federation will be presented in a program to the Antioch Woman's Club Monday, October 18, at the Scout House. A film strip, "The Story of Unity in Diversity," will be shown.

The board meeting will start at 12:30 p.m. Monday, the regular meeting at 1:30 p.m.

The Antioch Woman's Club will be honoring the Music Scholarship winners, Betty Frank and Barbara Casella, who will perform.

The hostess committee for the afternoon will be the Mesdames Earl Hays, Harry Lubenow, Alma Bobzien, Al Bucar, Frank Benes, John Dupre, Edward Jacobs, Richard Elliston, and O. R. Kreske.

Richard Handus was best man. Ushers were Fred Melscher and David Heath. An Open House was held at the home of the bride's

MOOSE TOPICS

By Lillian Birdsall

There were 42 members present to watch Gladys Schroeder, past senior regent, be installed as pianist for the Women of the Moose at the Antioch Moose Lodge, Thursday evening, October 7. Collegian Gert Good, installing officer and collegian Harriet Greve, installing guide performed the ceremony.

Bobbie Jean Sapiega, Mooseheart chairman, presented her chapter night program followed by the enrollment of five new members. They were as follows: Johanna Zurn, sponsored by senior regent Evelyn Miller; Violet Lesko and Corrine Lesko, both sponsored by Doris John; Doris Bjorn, sponsored by Lillian-Birdsall and Mary Keutman, sponsored by Bobbie Jean Sapiega.

The membership committee will hold a rummage and bake sale Saturday, October 16, on the corner of Lake and Main streets. The meeting for the Friendship committee will take place on Tuesday, October 19, at 8 p.m. at the Moose Home.

Arthur Andersen, secretary for the L.O.O.M., presented his publicity scrap book in the competition that took place at the recent Moose convention that was held at the Conrad Hilton Hotel in Chicago. He received second honors for the book and a trophy for his efforts. This is the second year Mr. Andersen has received recognition on his scrap books.

There is to be a meeting for the L.O.O.M. Wednesday, October 13, at the Moose Home, and on October 27, there will be a meeting with a birthday dinner to follow.

College Is Not All Work

Wayne Sagle of Lagoona Subdivision, Antioch, a freshman at Rockford College this year, "starred" briefly on TV and in the local papers as he took part in Freshman Week activities at the college.

Wayne was a part of the tug-of-war team for his class. The tug-of-war is an annual event, pitting Freshman boys against Sophomores.

Ten boys from each of the classes strive to prove their superior strength with the pulling contest located in a muddy ditch dug by freshmen. This year, it rained all day for the contest, adding

to the slipperiness and general hilarity.

Freshman boys were the losers. However, freshman girls bested the sophomore girls.

Wayne is the son of the Robert Sgales of Antioch. He was a 1965 graduate of Antioch High School.

Teaching Runs In The Family

PENNY NADER, Antioch High School news editor, interviews Elonzo Brown, the 84-year-old father of ACHS teacher, Harrison Brown.

Elonzo Brown, the elder half of a father-son teaching team, visited Antioch High School last week. Mr. Brown is the father of Harrison Brown, science teacher at Antioch High School.

Spry and alert at 84, Mr. Brown still looks as though he could take command of any classroom. He began his teaching career in a one room school house which contained home-made wooden benches and one pot-bellied stove. His salary was \$20.00 per month.

been in the profession for (28) years of teaching, Mr. Brown has taught all subjects in all grades from first through eighth grades. Mr. Harrison Brown, the younger member of this teaching team, has

been in the profession of (28) twenty-eight years himself and also began his career in a one room school.

Mr. Brown has served three (3) years in the Army during World War II, served in various school supervisory capacities, including the superintendency of the Lake Villa Grade School, and finally arrived at Antioch High School to teach in the science department in 1958. This father and son team, as they stood before A.H.S. science classes, represented a total of 56 years of devoted services in the teaching profes-

Plan Well For Good Storage

Good home storage doesn't just happen. It takes thinking, planning, and rearranging.

Certain basic principles are found in good storage. And if you observe and practice these principles, you can use each storage area more effectively. You also can use them as a guide when analyzing your present storage or planning new storage.

Among the basic principles are: store things near point of first use; store items at convenient heights; store together things used together; store articles where easy to see; build to fit storage needs and keep storage flexible; and store items where easy to reach.

Each of these basic principles is described and illustrated in a publication of the College of Agriculture Extension Service of The Pennsylvania State University. For a copy send your name and address

Issue Warning To Ill. Horse Owners

A warning to horse owners was issued last week by Robert M. Schneider, director of the Illinois Department of Agriculture. Illinois is now experiencing a severe outbreak of equine infectious anemia or swamp fever.

The director said that 31 cases have been diagnosed so far this year and the mortality rate is about 50%. Primary areas where the disease has been reported are Chicago, St. Louis and Kankakee.

Schneider added that officials of the United States Department of Agriculture believe the current outbreak could be the most serious reported in the nation since 1947. In 1947, an outbreak of swamp fever in Rockingham, N. H., resulted in the death of 50 horses.

Signs by which a diseased horse may be recognized include lack of appetite, accelerated pulse, marked depression, incoordination and frequent shifting of the body weight from one leg to another.

The most effective means known to prevent spread of the infection are, if practicable, to destroy the animal and dispose of the carcass, either by cremation or deep burial, and to isolate infected animals from healthy ones. Flies and mosquitoes should be controlled and the advice of a veterinarian should be sought.

CAPTIVE NATIONS

Hate and cruelty, I detest. For lust of power I have no zest.

The sadistic acts against mankind Perpetrated by a fiendish mind

Have multiplied a thousand fold Since "peace" promoters grow so bold.

There is a peace for which to strive, But the tortured ones are not alive.

Words distorted are the clue, Watch out for dialectics new, For words are old as diggings show.

It's how they're used that lets us know How confusing they're meant to be

To keep us in our apathy, Gag men's mouths or twist their minds

And "peace" is bought and Freedom finds It is the price that man has paid

To be the dupe of Satan's side, There is the POWER to save us all

If we now heed the urgent call, Comes first the whisper in the night

New ACHS Club Elects Officers

Officers of a new club at Antioch High School, the Future Teachers of America, were elected on Sept. 30.

Betty Frank was chosen president; vice president, Kathy Gross; secretary, Kathy Toman; treasurer, Bonita Bell; parliamentarian, Chris Davis; historian, Lark Hawkins, and editor, Debbie Strom.

The following committee chairmen were also elected: social, Candy Meyer; program, Kathy Gross; publicity, Sally Minnick; membership, Joyce Herman; finance, Jeanne Dow and service, Dolores Anderson.

The new club is open to all sophomores, juniors and seniors who are interested in entering the field of teaching. Seventy-two students are now enrolled in the club.

A teacher adviser from each department in the school will help the students to become informed in all areas relating to teaching. They will study codes of ethics, learn good standards for teaching and teachers; participate in various types of in-service and out-service training in their school and community. The students will learn what scholarships are available and what universities have to offer.

Warn Motorists To Watch Out For Fog

Heavy fog is always a peril to motorists, warns the Chicago Motor Club, but it is especially dangerous this time of the year because it is unexpected. However, motorists should be prepared for the worst in October when fog, snow, and sleet can come without warning.

Fog usually varies in intensity in different stretches of highway. According to the motor club's safety and traffic engineering department, this variation in thickness lures motorists to speed up in stretches of good visibility, only to be caught suddenly by a blanket of fog lurking in low areas.

For this reason, it is best to maintain a moderate speed and remain alert throughout an area of fog, cautions the motor club. Parking lights are not easily visible in fog, especially in daytime driving. Motorists should use their headlights, but keep them on low beam as the high beam only reflects back into the driver's eyes.

The motor club advised that if fog becomes so thick that driving becomes hazardous, motorists should find a safe place to wait it out, preferably in a gas station or roadside restaurant. Merely pulling off the road onto the shoulder could cause an accident if other motorists veer off the edge of the highway in low visibility areas.

WHAT CAUSES INDIGESTION

Do you have to pay for a delicious meal with the distress of heartburn, stomach cramps or an uncomfortable bloated feeling?

If so, you belong to an undistinguished club of millions who suffer that complex problem known as "indigestion."

Just what is indigestion? Medically speaking, indigestion has no precise meaning. It's merely a catch-all phrase used to label the unfortunate consequences of eating too much or too fast, drinking to excess or allowing your emotions to get the best of you.

Some of the more unfortunate consequences we so quickly pass off as symptoms of indigestion are:

BLOATED FEELING. A bloated, puffed-up feeling may occur when your stomach's digestive activity slows down. You probably associate this feeling with gas, but usually it's caused by air swallowed with food, or by rich, fatty foods (40 per cent of the American diet) that take longer to digest than proteins or carbohydrates.

Contrary to popular belief, alkalies such as sodium bicarbonate won't relieve this puffed-up feeling. In fact, alkalies really produce more gas, thus adding to your discomfort.

HEARTBURN. Heartburn—which actually has nothing to do with the heart—is a burning sensation that occurs when your stomach

works too fast. The result? Excessive digestive juices or food back up, stretching and irritating the lining of the esophagus, a tube which leads from the mouth into the stomach.

CRAMPS. Cramps or knots are also caused by an overactive stomach. When your stomach churns too hard, its muscles may contract resulting in cramps. Cramps may also occur from excess digestive juices which cause irritation.

BAD TASTE. A sour taste may be caused by a food or stomach juice that travels back into the throat or mouth. But usually bad taste is not a symptom of indigestion, but a condition caused by bad teeth or infection in the throat, nose or sinuses.

If these symptoms trouble you only on occasion and pass quickly, they can be legitimate signs of indigestion.

But if one of them brings you frequent or severe discomfort, you better have a physical checkup. It could indicate any one of a number of serious conditions such

Some Whooping Cough Cases In Lake County

Several cases of whooping cough involving small children have been reported in the western part of the county within the last few weeks. Dr. Arthur Baker, Medical Director of the Lake County Health Department, announced today.

Whooping cough is a communicable disease that is very dangerous when small children are involved. Even though many parents don't consider whooping cough a serious problem, it causes more deaths each year than scarlet fever, diphtheria, measles and polio combined.

"This is especially tragic," stated Dr. Baker, "when you realize that whooping cough is completely preventable. A series of three immunizations started when a child is two months of age with a booster one year later and another booster when the youngster enters school provides this protection. Usually whooping cough immunization is included in the 'baby shots' given by your doctor."

DEATH NOTICES

W. EARL CALDWELL
 W. Earl Caldwell, 78, Weber Road, Lake Villa, died Wednesday, October 6, at 2 a.m. in Victory Memorial Hospital after a short illness.
 He was born October 31, 1888 in Chicago where he sold life insurance. He moved to Lake Villa in 1920 to work as an employee of Abbott Laboratories in the export shipping department, retiring in 1938.
 He is survived by one brother, George Caldwell, La Crescenta, California, and one sister, Mrs. Edith Nesbitt, twin sister with whom he lived.

Funeral services were held at 1 p.m. Friday from the Strang Funeral Home in Antioch. The Rev. Virgil Smith of the Lake Villa Community Methodist Church officiated at the services. Interment was private.

LOUISE C. LANGE
 Louise C. Lange, 74 years old of 210 N. Water St., Silver Lake, Wis., passed away Sunday, Oct. 10, at 9:30 p.m. in the home of her daughter, Mrs. Robert Frye near Crystal Lake. She had been ill since August of this year. Mrs. Lange had lived in Chicago, then moved to Kenosha Co. and has resided at Silver Lake for the past 17 years. She and her husband had formerly operated Happy Lange's Pikeville Tavern for many years, and a fruit business in this area. She married Henry Lange in Chicago on June 11, 1931.

Survivors are the husband, Henry, two sons, Edward W. Aveve, McHenry, and William F. Aveve, Evanston; one daughter, Mrs. Robert (Ruth) Frye, Crystal Lake; one sister, Mrs. Godfrey (Minnie) Johnson, Salem, Wis.; 7 grandchildren, and three great-grandchildren.

Funeral services were held at 1:30 p.m. Wednesday at the Strang Funeral Home in Antioch. Pastor Alvin Pinke of Christ American Lutheran Church at Paddock Lake officiated. Interment was in McHenry County Memorial Park Cemetery at Woodstock.

"The Fourth R"
Rheumatic Fever

Another school year has rolled around, and the three R's hide again—though they may be a bit hard to recognize in the guise of "sight-reading," "new math," and "written expression."

This is also the time of year when parents and teachers are concerned about the "fourth R"—rheumatic fever. Children of school age are the special targets of this cruel disease, the Chicago Heart Association points out, noting that peak incidence occurs during the school year.

Medical science does not yet have a vaccine against rheumatic fever, nor does it have a "wonder drug" to cure the disease. But we do have sufficient knowledge and tools to prevent many, if not most, cases.

We know that streptococcal infections—such as "strep" sore throats and scarlet fever—can lead to rheumatic fever and rheumatic heart disease, cause of more long-term disabling illness in children than any other disease. (It is estimated that more than 1,200,000 Americans over the age of 18 have rheumatic heart disease, usually the results of a rheumatic fever attack in childhood.)

But—perhaps this should be written BUT—strep infections need not lead to rheumatic fever. If every recognizable strep infection were promptly and thoroughly treated, with penicillin or other antibiotics, rheumatic fever could be all but eliminated from the illness statistics of the next generation.

This is where alertness of parents and teachers plays a key role. If Johnny can't read or write or do his lessons one day because of a sore throat and a fever of 101 degrees or more—especially if these have come on suddenly—you should think twice before dismissing it as "just another sore throat."

Especially if Johnny complains of sore neck glands and pain when he swallows. These are signals to send for the doctor right away. Only he can verify that a strep infection is present, using modern laboratory techniques if necessary to confirm his diagnosis. And he can promptly institute the treatment that will erect a strong defense against rheumatic fever: therapy with penicillin or other antibiotics sufficient to wipe out the strep germs.

Penicillin and other drugs offer protection to the youngster who has already had a rheumatic fever attack. Given on a year-round basis, the medications ward off new strep infections that may lead to a recurrence of rheumatic fever.

Here, too, the parent has the key responsibility: to make certain that the child who needs long-term preventive treatment gets it—through regular visits to the family doctor. Also, ask your doctor about the County Health Department's rheumatic fever registry service through which free medication is available.

Study Watersheds Of Kenosha County

A study of the physical conditions of the watersheds of Kenosha County is underway, according to Alvin Erdman, a member of the U. S. Soil Conservation Service.

The study is being made by the U. S. Department of Agriculture and the Wisconsin Conservation Department.

The study includes the land use of the flood plain, the amount of erosion on the upland, silting in of streams and lakes, pollution of streams and lakes and flood-water damage.

The majority of the land in Kenosha County, Erdman said, will continue to be used as farmland for some time to come. Because of the expanding population of the county, some areas will change from agricultural land to urban and industrial development and recreational areas.

This will create more flooding problems, because in urban areas rain is not absorbed into the ground as in agricultural areas. Pollution of streams and lakes can also be expected to increase.

Erdman said the inventory, when completed, will give valuable information on soil, water and related resources, and opportunities for project type developments.

Industries Join With Business In School

Richard D. Eckert, 1014 Victoria St., Antioch, Maintenance Superintendent at Ball Brothers is among the 20 new registrants selected by their companies to enter the spring term of the Lake Forest College Industrial Management Institute.

Four years of discussion and conference work, one night each week, is required to complete the program.

The Institute is sponsored jointly by Lake Forest College and 36 participating companies to provide a basic business education for the men selected to enter the program.

"Serving the Lakes Region Since 1891"

The Ballad of Barbara Allen
A witch-boy from the mountain came,
A-pinin' to be human,
Fer he had seen the fairest gal.
A gal named Barbara Allen.

O Conjur Man, O Conjur Man,
Please do this thing I'm wantin'
Please change me to a human man,
Fer Barbara I'd be courtin'.
Now, Barbara had a red, red dress
And one she had of blue,
And many men did Barbara love,
But never was she true.

Oh you can be a man, a man,
If Barbara will not grieve you,
If she be faithful for a year,
Yes eagle, he will leave you.

O, Barbara, will you marry me,
And will you leave me never,
Oh, yes, my love, I'll marry you,
And live with you forever.

This in essence is the story of "Dark of the Moon" which will be presented by P.M. & L. on October 29 and 30, November 5 and 6. It is a fantasy taking place among the hill folk in the Smoky Mountains and is completely different from anything yet produced by the group.

Ken Smouse is directing this production and announces his cast as follows: John, the witch-boy, Ken Jandula; Conjur Man, Bob Koemoud; Dark Witch, Sandy Drucker; Fair Witch, Linnea Christian; Conjur Woman, Valerie McElroy; Hank Gudger, Rich Irmen; Miss Metcalf, Garnet Odds; Uncle Smelieue, Homer LaPlant.

Mrs. Summey, Vivian Valhustad; Edna Summey, Marie Jasien; Mr. Atkins, Wes Camp; Mrs. Bergen, Joyce Maj; Marvin Hudgens, Bob Thomley; Barbara Allen, Charlotte Worswick; Flory Allen, Carol Saydak; Mrs. Allen, Carol Anderson; Mr. Allen, Don Beveroth; Preacher Hagler, Joe Hunley.

Although this is not a musical, there is a considerable amount of music running through the story such as Down in the Valley, Smokey Mountain Gal, The Old Time Religion, and other familiar folk-type tunes.

Season tickets have been selling very well and may be obtained by calling Vivian Mapleshorpe at 395-3613.

Red Cross Making Ditty Bags Again

"Ditty Bags," fondly remembered by World War II veterans, are once more being made for overseas G.I.'s by Mid-America chapter, American Red Cross, production volunteers.

The simple 12 by 31 inch drawstring bags will be used by American troops in Viet Nam to carry comfort articles such as toothpaste, brush, soap, shaving cream, razor, wash cloth and other personal items.

The bags, to be given out at field hospitals, aid stations and at the front line, are all dark solid colors or dark prints.

Area Red Cross volunteer seamstresses, members of various production units, are making two thousand bags to help fill a special U.S. military request for comfort articles. The women are also making 200 cast socks.

The bags, together with 9,000 others being made by volunteers of various Red Cross chapters in the mid-west, and the socks, will be shipped to Viet Nam in October.

Groups interested in sewing ditty bags for the Red Cross should contact the Lake County regional office, 308 Julian Street, Waukegan, ON 2-4044.

More than 400 U. of I. students are practicing teaching in elementary and high schools of Illinois each semester.

Soil Survey Completed

Completion of the soil survey of Lake County was recognized by a Final Acre Celebration on October 5 on the Henry Blanco Farm on Stearns School Road in Gurnee. Announcement of the completion of the survey and the celebration came from Donald Adams, chairman of the Lake County Soil and Water Conservation District.

This is the first complete survey of the soil resources of Lake County since 1915. The need for the survey was brought about because of the interest expressed by non-agricultural users of soil survey information.

The survey was made with a cost-sharing arrangement between the County Board of Supervisors and the U. S. Soil Conservation Service.

The program included a tour of the Blanco Farm, giving the group a chance to see soil and water conservation practices. A demonstration of a percolation test was given and several brief talks were heard on the subject of "What the soil survey means to Lake County." Various heads of county departments took part in the ceremony.

Trees From State Nurseries Available

Price lists and application blanks are available now for ordering state nursery trees to plant next spring.

Lake County Farm Adviser Ray T. Nicholas has order forms at his office. He points out that listings on this year's price list and order blanks are about the same as in other years.

Illinois has two forest tree nurseries. Landowners may order from either the Mason Nursery at Topeka or the Union Nursery at Jonesboro. The minimum order is 500 trees of any one species.

Customers may pick up orders at the nursery or have them shipped, "express collect." Buyers may order shipment by United Parcel Service at the rate of \$1.50 per 500 trees, but only 1,000 trees may be shipped to one customer.

State nursery stock is to be planted on rural land and used for timber crop production, soil erosion control, field sheltering and wildlife cover.

CUB PACK 300

The first meeting of the season of Cub Pack 300 was held Sept. 24 at the Antioch Scout House.

The opening flag ceremony was given by Den 1. Den Mother is Mrs. Mason.

Main topic of discussion was whether or not the Den could be continued. There are only three Den Mothers for 42 boys. Two more Den Mothers are needed and an assistant Cubmaster. Anyone interested should call Hank Lytle at 395-3597.

The following awards were presented: Denner, Danny Dowell; Assistant Denner, Robert Dow and Gold Arrow, David Rush.

Refreshments were served by Den 3. Den Mother Mrs. Richard Klein was assisted by Mrs. Davis and Mrs. Gutowski.

Lutheran Pioneers Host Bicycle Rodeo

The Lutheran Pioneers, Train 139, of Faith Evangelical Lutheran Church of Antioch was host for a bicycle rodeo on Sunday, October 3. The rodeo was held on the parking lot of Antioch Community High School, Train 1 of St. John's, Burlington, Wisconsin, Train 37 of St. John's, Slades Corners, Wis., and Train 95 of First Evangelical Lutheran Church of Lake Geneva, Wis., were also in attendance.

Forty boys registered for the competition. Each boy rode his bicycle eight different courses designed to test his riding ability. Speed, balance, maneuvering and coordination skills were tested in various combinations. A simple four-cornered course for speed, a straight course 5 inches wide by 30 feet long for balance, a balloon break course and a ring pickup with a lance for coordination, and other more complicated courses combining several skills were employed.

A goodly supply of hotdogs disappeared while the judges tallied scores and determined the winners. The winners of individual medals in the age 9-10 category were: Roy Spiller of Train 139, Antioch, first; Steve Giebel of Train 1, Burlington, second; and Mike Holm of Train 139, Antioch, third.

In the age 11-12 group individual medals went to David Schulz of Train 95, Lake Geneva, first; Paul Fager of Train 139, Antioch, second; and Brian Popp of Train 1, Burlington, third.

Winners in the age 13-14 set were Richard Leech of Train 95, Lake Geneva, first; Robert Popp of Train 1, Burlington, second; and William Price of Train 37, Slades Corners, third.

A team trophy was also awarded. These boys from each train constituted their train's team. Their combined individual scores were used to determine the train winner. Train 95 of Lake Geneva captured this honor.

The very smallest boys present and competing were recognized as "the most determined." They were encouraged not to give up trying in spite of their temporary disadvantage. Tangible recognition was given in the form of useful bicycle equipment.

All participants, contestants, and judges, were presented with lapel pins in the form of bicycle riders as a small reminder of a successful bicycle rodeo on an October afternoon.

CHRISTIAN SCIENCE CHURCHES

What was the meaning of Jesus' suffering and sacrifice? How does it apply to us today? These are the questions to be taken up at Christian Science church services this Sunday. The subject is "Doctrine of Atonement."

A chapter in the Christian Science textbook on "Atonement and Eucharist" will supply several passages for the Lesson-Sermon readings, including this one: "Every pang of repentance and suffering, every effort for reform, every good thought and deed, will help us to understand Jesus' atonement for sin and aid its efficacy; but if the sinner continues to pray and repent, sin and be sorry, he has little part in the atonement,—in the atonement with God,—for he lacks the practical repentance, which reforms the heart and enables a man to do the will of wisdom" (Science and Health with Key to the Scriptures by Mary Baker Eddy, p. 19).

This passage from Philipians (2:12) will be among the many Bible readings. "Wherefore, my beloved, as ye have always obeyed as in my presence only, but now much more in my absence, work out your own salvation with fear and trembling."

4-H Clubs are organized groups of young people who act and activities. Both city and rural boys and girls from 9 to 19 can participate.

Honored for Water Safety Work

Miss Kathleen Randolph, Box 285, Rt. 4, Lake Villa, was honored for 20 years of service as a Red Cross water safety service volunteer at a tea held Wednesday, September 29, at Mid-America Chapter headquarters, American Red Cross, 43 E. Ohio, Chicago.

She was among 800 volunteers who were honored at the tea for their outstanding volunteer record.

As one of 22,000 volunteers in the Mid-America Chapter, Miss Randolph helps bring Red Cross activities to more than six million persons in Cook, DuPage, Will, Lake, and parts of Kane counties.

Free copies of the first annual report of the newly formed chapter are available through the Lake County regional office of the Red Cross, 308 Julian St., Waukegan.

U. S. Savings Bonds Sales for August

Lake county residents purchased a total of \$359,567 in series E and H United States savings bonds in August, according to Philip L. Speidel, Lake Forest, general county chairman of the savings bonds committee.

Sales in the state of Illinois were \$28,535,631, according to Arnold J. Rauen, state director of the Treasury's

TRAFFIC FATALITIES

Traffic fatalities in Illinois from Sept. 1-15 totaled 82, according to provisional reports released by the Division of Highways and the State Highway Police. There were 94 fatalities a year ago during the same 15-day period.

Thirty-five persons died in 27 traffic accidents involving collisions between two or more vehicles, including one fatality in a motorcycle-motor vehicle accident.

An additional 47 fatalities occurred as the result of 43 accidents in which only the single vehicle was involved. Eleven of the dead were pedestrians. 36 were drivers and passengers of the single vehicles involved, which included one motorcycle and two bicycles. Also included were four victims of three railroad grade crossing accidents.

Two Saturdays and two Sundays during the 15-day period accounted for 40 traffic deaths—49 per cent.

An oldtimer is one who can remember when two could live as cheaply as one, without both working.

Savings Bond Division. This is an increase of \$3.1% over sales for last August, and accounted for 7.6% of national sales which were \$371,488,000. Illinois purchases in the first eight months of this year reached 65.7% of the annual quota which is \$350,100,000.

WANTED BY THE FBI

ALSON THOMAS WAHRlich

Wahrlich, one of the FBI's "Ten Most Wanted Fugitives," is wanted for unlawful interstate flight to avoid prosecution for the crime of kidnaping. He allegedly abducted a 6-year-old Arizona girl in Tucson, Arizona, on April 16, 1964, and brutally beat, choked, and sexually molested her before leaving her abandoned in the same city. A Federal warrant was issued at Tucson on April 28, 1964, charging Wahrlich with unlawful interstate flight to avoid prosecution for this offense.

A white American, Wahrlich was born in Rensselaer County, New York, on February 4, 1936. He is 5' 2" tall, weighs 135 to 140 pounds, wears glasses, has blue eyes, brown hair, a medium build and a medium complexion. He has a scar on his left shoulder, a vaccination scar on his left arm, a scar on each side of his abdomen, and a tattoo of a heart and the name "Cindy" on his left arm.

Wahrlich has worked as a truck driver, ranch worker, dishwasher, house trailer repairman, hospital orderly, insurance salesman, and ice cream truck vendor. He is very interested in guns and strongly prefers traveling by personally owned car. Wahrlich reportedly has mental blackouts, has been previously imprisoned for aggravated assault, child molesting, and a crime against nature. He reportedly is armed with a pistol and is said to carry a surgical scalpel in his trouser's pocket. Consider him armed and extremely dangerous.

Should you receive any information concerning the whereabouts of Alson Thomas Wahrlich, you are requested to immediately notify the nearest office of the FBI, the telephone number of which may be located on the first page of local telephone directories.

Introducing the tuned car. 1966 Buick.

What makes a car a car is styling, performance, ride and handling. Only when they're all tuned together is the car a Buick. Like this 1966 Riviera Gran Sport.

You know how well your car's engine runs after a tuneup? Buick tuning has the same effect on the whole car. Not just the engine. The whole Buick. Everything blends with everything else. Styling. Performance. Ride. Handling. All tuned to work together in harmony. That's what the tuned car is. A Buick. Only Buick is the tuned car. (And every Buick is the tuned car.) What the tuned car is is a masterful blending of all the things that make a great car greater. The Riviera for 1966 is the tuned car. It features six-passenger seating, disappearing headlights, a silently efficient new ventila-

ting system and the kind of roadworthiness you'd expect in a car that costs twice as much. (You can get a Riviera for your desk as well as your garage. Send \$1 in check or money order to Riviera, P.O. Box 68, Troy, Mich., for an accurate 1/25 scale model '66 Riviera.) But Riviera's not the only tuned car. LeSabre is, too. And Wildcat. Electra 225. Special. Skylark. Sportwagon. See them all at your Buick dealer's. The tuned car may not mean much to you now. But then you haven't had a chance to drive one yet.

Wouldn't you really rather have a Buick?

There's an authorized Buick dealer near you. See his Double-Checked used cars, too.

Beach Grove News

By Del Jahneke

Mr. and Mrs. William Hansen, Beach Grove, accompanied by Mr. and Mrs. Clifford Petersen of Zion have just returned from a nine day tour of Boston, Mass., Vermont and New Hampshire.

They encountered snow at Lake Placid, New York, and many of the roads in that vicinity were closed and already snow-bound. They visited "Old Ironsides," the Old North Church, from which Paul Revere started his historic ride, Paul Revere's home, and the homes of authors Louisa May Alcott, Nathaniel Hawthorne, and Ralph Waldo Emerson, at Cambridge, Mass. They watched nails being manufactured the way they were over 200 years ago, at Old Sturbridge Village, a completely

remodeled colonial village. Another highlight of their trip was a tour of a maple candy factory. Due to the severe drought the Eastern states have suffered this year, the scenery lacked the vivid autumn hues it has usually been noted for.

Mr. and Mrs. Ed Jahneke, Beach Grove, and Miss Patti Welch attended the Homecoming football game and the military dance at the Onarga Military School, with their son, Sergeant 1/c Ed, Jr., on Saturday, Oct. 9. On Sunday, they traveled to nearby Rantoul, and visited the University of Illinois campus at Champaign-Urbana.

Sequoits Edge Scrappy Round Lake Team, 20-13

Antioch Sequoits came from behind Saturday, scoring two touchdowns in the fourth quarter, and edged a scrappy Round Lake team 20-13 on the Panthers' field.

Mike Sterbenz, senior end for the Sequoits, accounted for 14 points. Sterbenz has caught a touchdown pass in every game this season but they have all been called back because of penalties up until Saturday. Sterbenz also kicked two extra points.

The Sequoits were the first to score, capitalizing on a 34-yard pass completion, Tom Blackman to Sterbenz. The play set the in upon Round Lake's 34-yard line. A five yard gain by Jim Litchfield set up the touchdown pass to Sterbenz on the next play.

The Panthers struck back immediately on a 60-yard pass from quarterback Bob

Peterson to Gary Bell. The half ended with the score knotted at seven all.

Round Lake took the lead early in the third period on another long aerial, this time from Peterson to Mike Peterson good for 49 yards and the TD. The PAT was missed and Round Lake led 13-0.

A Round Lake fumble set up the Sequoits' touchdown in the early part of the fourth period. Operating from the midfield stripe after recovering the fumble, Litchfield picked up 10 yards off tackle and then Blackman hit Sterbenz again with a 40 yard pass and the tying score.

Blackman hit Sterbenz again later in the period for 38 yards to set up the Sequoits' final tally. With first and goal from the Panther five yard line, Tyrone Walls took a handoff from Blackman and

bulled over for the TD. Sterbenz converted the PAT and the final score remained 20-13.

Coach Roy Nelson praised the interior linemen for their good play throughout the game. Walls was particularly good defensively as well as doing a fine job of blocking. The Sequoits got an added boost this week when they

Rifles Meet Racine Sat.

The Lake County Rifles, Cinderella team in the Central States League, will clash headon with league-leading Racine next Saturday evening at Horlick's Field in Racine. The Rifles trail the Raiders by one ball game, losing to them 30-26 earlier in the season.

Since that meeting the Rifles defense has become progressively improved allowing only 13 points in their last three encounters. The defensive corps generated its best effort of the season Saturday evening as the Rifles shut out the Chicago Panthers 26-0 at Weiss Field.

Taking the opening kickoff the locals marched 72 yards for an early score with Lew Flinn of Barrington going over from the one yard line.

In the second quarter Flinn tossed a 7 yard aerial to Ron Curry in the end zone for the Rifles' second tally. Flinn converted and the countlains led a 13-0 half time edge.

Midway in the third period Flinn again unleashed a screen pass to Covance Cabel who gathered in the leather and rambled 19 yards for the Rifles' third score. Flinn again converted making the score 20-0.

The Rifles gained possession of the ball at the start of the fourth quarter and the offensive unit responded with their last TD of the game when Flinn tossed a 22-yard

pass to Jim Bednar. This was Flinn's 22nd touchdown pass of the season. He also has scored 50 points for the Rifles and leads the league in scoring. Cabel, the Rifles' pile driving fullback, amassed a game total of 138 yards and is second to Flinn in scoring with 48 points.

The defensive unit was again sparked by the play of Al Hopkins, John Gavurnik, Fred Fabry, Curry, Joe Bieck, and Chuck Thumpinski.

The Rifles should have the necessary momentum to give Racine its toughest game of the season this coming Saturday. A victory for the Lake County team would tie them for first place and set up a possible play-off game for the southern division title.

Cross Country Team Keeps on Winning

The Antioch varsity cross country team won their dual meet Saturday with Lake Zurich by a score of 20-43.

Tom Doolittle lead the Sequoits by placing second in the meet, followed by Blaine Backman, Bill Effinger, Mike Polley, and Dave Comstock finish third through sixth respectively. The victory gave the varsity squad a 6-2 record for the season.

The frosh-soph squad continued its winning streak of 8-0. The harriers beat Lake Zurich 22-37.

John Bjork and Chuck Denuga finished 1 and 2 in the meet. Gary Doolittle, Lynn Barthel and Bob Biaggi finished 5th, 6th, and 8th, respectively.

Thursday the Sequoits travel to McHenry.

permits. Hunters cannot expect to receive their permits the first day of the season if they apply late." Lodge said.

St. Clair, Madison, Cook, Will, DuPage, Kane and Lake Counties are closed to deer hunting with bow and arrow. The rest of the state is open.

Dates of the deer season for bow hunters are as follows: Oct. 1 - Nov. 15, inclusive; Nov. 24 - Dec. 31, inclusive except that hunting is not permitted from Nov. 30 through Dec. 6.

Sterbenz Named Prep Star of Week

For the second consecutive week the Antioch Sequoits have had one of their teammates named to the Waukegan News-Sun's "Prep Star of the Week."

This week senior end Mike Sterbenz, 6'1" and 193 lbs., was lineman of the week in the News-Sun feature. Mike caught six passes for 174 yards and two touchdowns. Mike also had another touchdown called back because of

Mr. and Mrs. Jerri Carol White, 1952 E. Old Elm Road, welcomed their fourth child and second daughter, Oct. 5 at St. Therese Hospital. Caroline Marie weighed 8 pounds, 7 ounces at birth. Welcoming their sister Saturday were Larry 4, Julie 3 and Tommy 2.

The grandparents are Mr. and Mrs. Emil Marcheschi and Mr. and Mrs. George White, both of DeKalb.

Anniversaries

Congratulations to Mr. and Mrs. Charles Clancio on their 53rd wedding anniversary Oct. 20.

Also to Ken and Joyce Mahoney and to Sandra and Jim Volter who are also celebrating their anniversaries on the 20th.

Women's Club Meeting

The Lindenhurst Women's Club will hold their regular meeting tonight, Oct. 14 at the Civic Center, starting at 8 p.m. All ladies are invited to attend.

New Neighbors, New Baby

Wayne and Georgia Herman moved into their new home at 2612 Magnolia Lane on Sept. 24 and on Sept. 30 they welcomed their third child and second son at Victory Memorial Hospital. Greg William tipped the scales at an even 8 pounds when he arrived at 2:15 a.m. The big sister and brother are Patricia Jo 8½ and Mark Wayne 5½.

St. Mark's Considers Building & Finances

A large section of the voting members of St. Mark Lutheran gathered at the church on Sunday evening to discuss the possibility of taking steps to refinance their church indebtedness, to build an addition to their present educational unit, and to add additional parking facilities.

The proposals passed by a near-unanimous vote. Arthur Havin, president of the congregation, expressed thanks to the congregation for its vote of confidence, and assured the congregation that steps would be taken at once to study further the plans for building, and to explore the

Anniversaries

Congratulations to Michael and Mary Redden on their 26th wedding anniversary Oct. 10. Also to Bob and Henrietta Okon on their 21st anniversary Oct. 11. John and Vi Selzer will be celebrating their 23rd anniversary on Oct. 18.

Prince of Peace Church

Approximately 65 ladies of the parish attended the "Get-acquainted Tea" held last Wednesday evening by the

Altar and Rosary Sodality of Prince of Peace Church

Mrs. Kovalda, president of the Sodality, introduced each board member, and they in turn explained just what their duty was. Mrs. Edward Bernau, Lindenhurst correspondent, was thanked for the publicity she has given the Sodality.

avenues open in obtaining the money necessary to repay the American Lutheran Missions, and to finance the proposed addition to the building.

One of the proposed methods of refinancing was that of selling revenue bonds at a possible 5½% interest to anyone who would wish to take advantage of this type of investment in a local institution.

Norbert Pischke and Donald Blessing, co-chairmen of the stewardship committee, are making plans for the forthcoming series of cottage meetings to be held on Sunday evening, Nov. 21. At that time all of the families related to St. Mark will be guests in one of 25 homes.

At these meetings the Stewardship emphasis will be presented, the Vision of the congregation presented, and the commitments for the coming year will be made by the individuals and family giving units. Stewardship commitments will include the use of time, the use of talents and the giving of money.

On Thursday evening of this week the host and hostess from each of the 25 homes will meet at church to get the necessary literature and to choose the names which each hostess will, then invite to the home for the evening of fellowship and commitment.

The plan calls for the serving of a dessert and coffee upon arrival at the homes, and then the presentation and commitment time.

Now that cold weather

isn't too far away, the Chicago Motor Club warns drivers to avoid warming up a car in a close garage. In a closed garage, an idling automobile can produce deadly carbon monoxide fumes in a hurry. Always open all your garage doors before starting the engine of your car.

ARMY SPECIALIST FOUR PATRICK J. ROACH, (right) receives the Vietnamese Medal of Honor, 1st Class, from Sub. Brig. Gen. Phung, 5th Division Commander, Army of the Republic of Vietnam.

Receives Medal of Honor In Vietnam

Army Specialist Four Patrick J. Roach, son of Mr. and Mrs. John J. Roach, 282 Bridgewood Dr., Antioch, received the Vietnamese Medal of Honor, 1st class, from Sub. Brig. Gen. Phung, 5th Division Commander, Army of the Republic of Vietnam, during ceremonies at Phu Loi, Vietnam, Aug. 6.

Specialist Roach received

the award for meritorious service, the 25-yr.-old soldier, a radio operator in the Military Advisory Command, Vietnam, entered the Army in September 1953 and was last stationed at Fort Knox, Ky. He is a 1958 graduate of Antioch High School and attended Stout State College in Menomonie, Wis.

Antioch, Grant Tied For Third In Conference Race

The conference race boiled down to two teams after last Saturday's action, with Warren and Grayslake still undefeated. Grant and Antioch, with two wins and one loss each are knotted for third place.

Grant rallied to score in the final quarter and edged Lake Zurich Saturday night at Fox Lake. Willis Klein tossed a 15 yard pass to Dave Spencer for the score. The TD was set up when Al Medine went 14 yards to put the Bulldogs deep in Bear territory.

Lake Forest continued to take their lumps Saturday, getting shut out 19 to 0 by Warren to spoil their homecoming. Warren struck twice in the second quarter and tallied again in the final stanza while allowing the Scouts to get only as far as

their 20-yard line.

Wauconda scored twice in the final stanza of their game against Grayslake but it wasn't enough to overcome a 27-to-0 deficit and they also lost their homecoming bid, 27 to 13.

Birth Rate Down in State in 1964

The birth rate in Illinois for 1964 is the lowest reported since 1955, Dr. Franklin D. Yoder, director of the Illinois Department of Public Health has reported.

Births in 1964 totaled 222,259. The 1955 total was 220,541. The record year was 1959 with 239,871 births. Since then, births have been steadily declining.

The death rate in the state has remained about the same for the past decade. Last year there were 106,802 deaths among Illinois residents.

Now—buy a new electric dryer and save up to \$60

LIMITED-TIME OFFER

You'll receive a special \$20 cash bonus directly from Commonwealth Edison in addition to the savings of up to \$40 you normally expect when you buy an electric dryer instead of a gas dryer.

And look what you'll get besides savings. You'll own a dryer that gives you the same kind of gentle, radiant heat you get from the sun. Whites stay white, colors stay bright, sizes won't change because of harsh overdrying or scorching.

Another thing. Electric dryers are flameless—so there are no fumes or by-products of combustion. Clothes come out clean and fresh as all outdoors.

Bonus: You can operate an electric dryer in your home for only \$1.25 a month.*

See your appliance dealer for the money-saving details now. No down-payment. Satisfaction guaranteed on any flameless electric dryer sold. But better hurry—offer is limited.

Cash bonus offer applies only to residential customers of Commonwealth Edison

NOW! A WHOLE NEW SERIES OF ULTRA-LUXURIOUS CHEVROLETS

'66 CAPRICE

BY CHEVROLET

Caprice Custom Coupe—with exclusive formal roof line that comes on no other Chevrolet.

Caprice Custom Sedan—with superb new Body by Fisher elegance inside and out.

Caprice Custom Wagon—with fine new look of hardwood paneling on sides and tailgate.

Everything it takes to create a distinguished luxury car has gone into these new Caprices.

Beneath the formal styling elegance that sets the Custom Coupe apart, for instance, you'll find thick wall-to-wall carpeting, comfort-contoured seats and the look of hand-rubbed walnut on the instrument panel, glove compartment and inside door panels. You can order a finely instrumented console, together with new Strato-bucket front seats.

In the Custom Sedan, a new Strato-back front seat is available with bucket-type contours separated by a fold-down

armrest. And in the equally opulent Custom Wagons, offered in 2- or 3-seat models, you can even order carpeting for the cargo area.

Each model rides super Jet-smooth. And for incomparably smooth power, you can specify Chevrolet's advanced Turbo-Jet V8 in either a 396- or 427-cubic-inch version.

The price of it all? Somewhat more than you're used to paying for a Chevrolet. But less, as your dealer will happily confirm—than the select class of fine cars these new Caprices invite comparison with in every detail.

See the new '66 Chevrolet, Chevelle, Chevy II, Corvair & Corvette at your Chevrolet dealer's
